EXPLANATION

NHDES selected awardees for the Clean Water Infrastructure projects from pre-applicants who submitted proposed projects to the Clean Water State Revolving Fund (CWSRF) loan program in 2021. Pre-applicants were offered funding for their project utilizing CWSRF ranking criteria, the 2021 CWSRF Project Priority List, and information obtained from a project update solicitation in November 2021.

The Town of Littleton requested a total of \$1,930,000 in funding from NHDES for needed improvements to the wastewater treatment facility (WWTF). NHDES, through the American Rescue Plan Act funds (ARPA) and the Clean Water State Revolving Loan Fund (CWSRF) has offered the Town \$1,930,000 in a combination of grant and loan funds.

The town will use the grant and loan funding to replace aged and failing infrastructure including implementation of phosphorous and metals reduction processes which may include chemical feed systems, pumps, and new process equipment.

ARPA of 2021 is a \$1.9 trillion economic stimulus bill passed by the 117th United States Congress and signed into law by President Biden on March 11, 2021, to speed up the United States' recovery from the economic health effects of the COVID-19 pandemic and the resultant recession. The Act defines eligible uses of the state and local funding, including responding to public health emergencies, responding to workers performing essential work during the COVID-19 emergency, providing revenue relief to states and making investments in water, sewer, and broadband infrastructure. This is an allowable use of ARP FRF funds under Section 602 (c)(1)(D) to make necessary investments in water, sewer, or broadband infrastructure.

In accordance with the final rule from the US Treasury Department for water and wastewater infrastructure investments, project eligibility is aligned with the Environmental Protection Agency's Clean Water State Revolving Fund (CWSRF) and Drinking Water State Revolving Fund (DWSRF). This project is an eligible CWSRF infrastructure project.

The Supplemental (final) loan amount will be based upon the total CWSRF funds disbursed and may be less than \$1,351,000. Under federal capitalization grant requirements, this loan includes principal forgiveness of up to \$295,100. Currently, there is \$83,430,646 available to loan after this request.

In the event that funds become no longer available, general funds will not be requested to support this program. This grant agreement has been approved by the Attorney General's Office as to form, substance and execution.

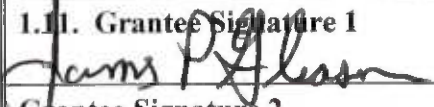

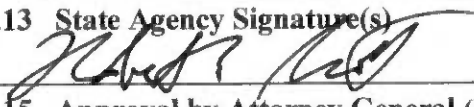

We respectfully request your approval of this item.

Robert R. Scott,
Commissioner
