EXPLANATION

This request is part of the Youth Homelessness Demonstration Program grant funded by the U.S. Department of Housing and Urban Development (HUD). HUD notified the Department on September 30, 2022 that the grant start date was October 1, 2022. The Department requested that HUD approve a later start date to provide sufficient time to finalize the new Youth Homelessness Demonstration Program contracts; however, HUD required that the contracts be effective October 1, 2022. This request is, therefore, **Retroactive** to align with the start date required by HUD.

This request is **Sole Source** because federal regulations require all procurement efforts to be directed by (HUD) which requires the Department to specify the vendor's name during the annual, federal, Continuum of Care (CoC) competitive application process for up to a year prior to the grant award being issued. As the Collaborative Applicant, the Department is required to issue a Request for Proposals, through the Continuum, based on the HUD CoC Program Notice of Funding Opportunity (NOFO). HUD reviews and scores vendor applications based on federal rank and review policy, and scoring tools, created to match the federal NOFO. HUD subsequently awards funding based on strict federal criteria specifying eligible activities, populations to be served, expected performance outcomes, and time frames for the application competition and subsequent Departmental agreements. The Department receives notification of the awards and signed grant agreements from HUD several months later, at which time agreements, such as that contained in this request, can be executed.

The purpose of this request is for the provision of a Youth Navigator program for young adults, ages eighteen (18) to twenty-four (24), per HUD requirements, who are experiencing homelessness, or who are at imminent risk of homelessness, as defined by HUD. Participants must be literally homeless, at imminent risk of homelessness, or fleeing violence at project entry, as defined by HUD, in 24 CFR 578.3.

Approximately ten (10) individuals will be served at any given time annually.

Using the federally recommended Housing First model, and the development of Stabilization and Crisis Management plans, the Contractor provides Housing Problem-Solving case management, using best practices like the Diversion approach, designed to secure safe housing for young people. The Contractor will work with participants to assess current housing and service needs, as well as barriers to attaining housing. Project staff will coordinate with in-house and community resources to connect participants with available services and resources to ensure permanent housing stability, including connections to potential income sources and mainstream resources such as, but not limited to; Temporary Assistance for Needy Families, job readiness and employment programs, child care, and Social Security benefits to assist participants in obtaining necessary skills and resources to live in the community independently.

The Department will monitor services by:

- Conducting annual reviews relating to compliance with administrative rules and contractual agreements.
- Reviewing semi-annual statistical reports, including various demographic information, as well as income and expense reports, to include match dollars.
- Reviewing data entered into the New Hampshire Homeless Management Information System, which is the primary reporting tool for outcomes and activities of shelter and housing programs.

As referenced in Exhibit A, Revisions to Standard Agreement Provisions, of the attached agreement, the parties have the option to extend the agreement for up five (5) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Executive Council approval.

Should the Governor and Council not authorize this request, there will be fewer housing options and supportive services available, leaving vulnerable individuals, youth and families experiencing homelessness in unsafe situations without needed support. Additionally, the Department will be out of compliance with federal regulations, which could result in a loss of federal funding for these and other types of housing and supportive service programs.

Area served: Belknap, Carroll and Coos counties.

Source of Federal Funds: Assistance Listing Number #14.276, FAIN #
NH0143Y1T002000.

In the event that the Federal Funds become no longer available, General Funds will not
be requested to support this program.

Respectfully submitted,

Lon A. Weaver
Interim Commissioner

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION
AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

- 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

- 13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

INDEPENDENT AUDITORS' REPORT,

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Tri-County Community Action Program, Inc. and Affiliate (New Hampshire nonprofit organizations), which comprise the consolidated statements of financial position as of June 30, 2021 and 2020, the related consolidated statements of functional expenses and cash flows for the years then ended, the related consolidated statement of activities for the year ended June 30, 2021 and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Tri-County Community Action Program, Inc. and Affiliate as of June 30, 2021 and 2020, and its consolidated cash flows for the years then ended, and the changes in its net assets for the year ended June 30, 2021, in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Tri-County Community Action Program, Inc. and Affiliate's 2020 consolidated financial statements, and we expressed an unmodified audit opinion on those consolidated financial statements in our report dated October 28, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2020, on our consideration of Tri-County Community Action Program, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Tri-County Community Action Program, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tri-County Community Action Program, Inc.'s internal control over financial reporting and compliance.

Cornerstone has a Section 202 Capital Advance. Under guidelines established by the U.S. Office of Management and Budget *Uniform Guidance, Title 2 U.S. Code of Federal Regulations (CFR) part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, the Section 202 Capital Advance is considered to be a major program. A separate audit of Cornerstone's compliance with its major federal program in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements of *Title 2 of U.S. Code of Federal Regulations part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements of Federal Awards (Uniform Guidance)*. An unmodified opinion was issued.

Method of accounting

The consolidated financial statements of Tri-County Community Action Program, Inc. have been prepared utilizing the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as promulgated by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). Under this basis, revenue, other than contributions, and expenses are reported when incurred without regard to the date of receipt or payment of cash.

Basis of presentation

The financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles (US GAAP), which require the Organization to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions include net assets that are not subject to any donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and board of directors.

Net assets with donor restrictions include net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

The Organization has net assets with donor restrictions of \$483,385 and \$596,550 at June 30, 2021 and 2020, respectively. See **Note 13**.

TRI-COUNTY COMMUNITY ACTION PROGRAM, INC. AND AFFILIATE

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2021 AND 2020**

Contributions

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Support that is restricted is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor restricted contributions are reported as net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Most of the receivables are amounts due from federal and state awarding agencies and are based on reimbursement for expenditures made under specific grants or contracts. A portion of the accounts receivable balance represents amounts due from patients at Carroll County Dental program. Past due receivables are written off at management's discretion using the direct write off method; this is not considered a departure from accounting principles generally accepted in the United State because the effects of the direct write off method approximate those of the allowance method. Management selects accounts to be written off after analyzing past payment history, the age of the accounts receivable, and collection rates for receivables with similar characteristics, such as length of time outstanding. The Organization does not charge interest on outstanding accounts receivable.

Property and Depreciation

Acquisitions of buildings, equipment, and improvements in excess of \$5,000 and all expenditures for repairs, maintenance, and betterments that materially prolong the useful lives of assets are capitalized. Buildings, equipment, and improvements are stated at cost less accumulated depreciation. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets.

Depreciation expense related to assets used solely by an individual program is charged directly to the related program. Depreciation expense for assets used by more than one program is charged to the program based upon a square footage or other similar allocation.

Depreciation expense related to administrative assets is included in the indirect cost pool and charged to the programs in accordance with the indirect cost plan. Maintenance and repairs that do not materially prolong the useful lives of assets are charged to expense as incurred.

TRI-COUNTY COMMUNITY ACTION PROGRAM, INC. AND AFFILIATE

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2021 AND 2020**

Estimated useful lives are as follows:

Buildings and improvements	20 to 40 years
Vehicles	5 to 8.5 years
Furniture and equipment	5 to 15 years

Client Rents and HUD Rent Subsidy

Cornerstone Housing North, Inc.'s rents are approved on an annual basis by the Department of Housing and Urban Development. Rental increases are prohibited without such approval. The clients are charged rent equal to 30% of their income less adjustments allowed by the Department of Housing and Urban Development. Rent subsidies are received from the Department of Housing and Urban Development for the difference between the allowed rents and the amounts received from the clients.

Refundable Advances

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services or expenditures are performed or incurred. Funds received in advance of grantor conditions being met aggregated \$324,140 and \$181,463 as of June 30, 2021 and 2020, respectively.

Nonprofit tax status

The Organization is a *not-for-profit* Section 501(c)(3) organization in accordance with the Internal Revenue Code. It has been classified as an organization that is not a private foundation under the Internal Revenue Code and qualifies for a charitable contribution deduction for donors. The Organization files information returns in the United States. The Organization's Federal Form 990 (Return of Organization Exempt from Income Tax), is subject to examination by the IRS, generally for three years after it is filed.

The Organization follows FASB ASC 740, *Accounting for Income Taxes*, which clarifies the accounting for uncertainty in income taxes and prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. The Organization does not believe they have taken uncertain tax positions, therefore, a liability for income taxes associated with uncertain tax positions has not been recognized.

Cornerstone Housing North, Inc. is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Service has determined the Organization to be other than a private foundation within the meaning of Section 509(a).

TRI-COUNTY COMMUNITY ACTION PROGRAM, INC. AND AFFILIATE

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2021 AND 2020**

Retirement plan

The Organization maintains a tax-sheltered annuity plan under the provisions of Section 403(b) of the Internal Revenue Code. All employees are eligible to contribute to the plan beginning on the date they are employed. Each employee may elect salary reduction agreement contributions in accordance with limits allowed in the Internal Revenue Code. Employer contributions are at the Organization's annual discretion. In January 2013, employer contribution payments ceased, therefore as of June 30, 2021 and 2020, there were no discretionary contributions recorded. Further information can be obtained from the Organization's 403(b) audited financial statements.

Donated services and goods

Contributions of donated services that create or enhance non-financial assets or that require specialized skills and would typically need to be purchased if not provided by donation are recorded at their fair values in the period received.

Contributed noncash assets are recorded at fair value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as net assets with donor restrictions. In the absence of such stipulations, contributions of noncash assets are recorded as net assets without donor restrictions.

Donated property and equipment

Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Such donations are reported as net assets without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as net assets with donor restrictions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies net assets with donor restrictions to net assets without donor restrictions at that time.

TRI-COUNTY COMMUNITY ACTION PROGRAM, INC. AND AFFILIATE

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2021 AND 2020**

Promises to Give

Conditional promises to give are not recognized in the financial statements until the conditions are substantially met. Unconditional promises to give that are expected to be collected within one year are recorded at the net realizable value. Unconditional promises to give that are expected to be collected in more than one year are recorded at fair value, which is measured as the present value of their future cash flows. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. In the absence of donor stipulations to the contrary, promises with payments due in future periods are restricted to use after the due date. Promises that remain uncollected more than one year after their due dates are written off unless the donors indicate that payment is merely postponed. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions. There were no unconditional promises to give that are expected to be collected in more than one year at June 30, 2021 and 2020.

As of June 30, 2021 and 2020, there were promises to give that were absent of donor stipulations, but restricted in regards to timing, and therefore classified as net assets with donor restrictions in the amount of \$216,423 and \$307,017, respectively. This amount is included in grants and contracts on the Consolidated Statement of Activities.

Use of estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Fair Value of Financial Instruments

Accounting Standards Codification No. 825 (ASC 825), *Disclosures of Fair Value of Financial Instruments*, requires the Organization to disclose fair values of its financial instruments. The carrying amount of the Organization's financial instruments which consists of cash, accounts receivable, deposits and accounts payable, approximate fair value because of the short-term maturity of those instruments.

Functional allocation of expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program services and supporting activities benefited.

TRI-COUNTY COMMUNITY ACTION PROGRAM, INC. AND AFFILIATE

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2021 AND 2020**

Program salaries and related expenses are allocated to the various programs and supporting services based on actual or estimated time employees spend on each function as reported on a timesheet.

Workers Compensation expenses are charged to each program based upon the classification of each employee and allocated to the various program based upon the time employees spend on each function as noted above.

Paid Leave is charged to a leave pool and is allocated to each program as a percentage of total salaries.

Fringe Benefits are charged to a Fringe Benefit Pool. These expenses include employer payroll taxes, pension expenses, health and dental insurance and unemployment compensation. The pool is allocated to each program based upon a percentage of salaries.

Depreciation expense is allocated to each program based upon specific assets used by the program and is reported as depreciation expense on the statements of functional expenses.

Other occupancy expenses are applicable to assets which are used by multiple programs. Buildings are primarily charged to the benefiting program based upon an analysis of square footage. Costs related to a building include depreciation, insurance, utilities, building maintenance, etc. These costs are reported as space costs on the statements of functional expenses.

Insurance: automobile insurance is allocated to programs based on vehicle usage; building liability insurance is allocated to programs based on square footage of the buildings; and insurance for furniture and equipment is allocated to programs using the book basis of the insured assets.

The remaining shared expenses are charged to an Indirect Cost Pool and are allocated to each program based upon a percentage of program expenses. The expenses include items such as administrative salaries, general liability insurance, administrative travel, professional fees, and other expenses which cannot be specifically identified and charged to a program.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2021 AND 2020**

The Organization submits an indirect cost rate proposal for the paid leave, fringe benefits and other indirect costs to the U.S. Department of Health and Human Services. The proposal, effective for the fiscal year beginning July 1, 2020, received provisional approval and is effective, until amended, at a rate of 12%. Per the agreement with the U.S. Department of Health and Human Services, the Organization's final rate for the year ended June 30, 2020 was 10.80%. The actual rate for the year ended June 30, 2021 was approximately 11.37%, which is allowable because it is less than the provisional rate.

Advertising policy

The Organization uses advertising to inform the community about the programs it offers and the availability of services. Advertising is expensed as incurred. The total cost of advertising for the years ended June 30, 2021 and 2020 was \$28,130 and \$25,483, respectively.

Debt Issuance Costs

During the year ended June 30, 2019, the Organization retrospectively adopted the provisions of the FASB Accounting Standards Update (ASU) No. 2015-03, "Simplifying the Presentation of Debt Issuance Costs." The ASU is limited to simplifying the presentation of debt issuance costs, and the recognition and measurement guidance for debt issuance costs is not affected by the ASU. Amortization expense of \$887 has been included with interest expense in the consolidated statements of functional expenses for both 2021 and 2020.

Revenue Recognition Policy

The Organization derives revenue primarily from grants, contracts, and contributions. Grants are recognized as revenue upon receipt. Revenue from contracts is recognized when the service has been performed. Contributions are recognized as revenue when the donor makes a pledge to give that is, in substance, an unconditional promise. Contributions are recorded as with donor restrictions or without donor restrictions.

New Accounting Pronouncement

In May 2014, FASB issued ASU 2014-09 (Topic 606) – Revenue from Contracts with Customers. The ASU and all subsequently issued clarifying ASUs replaced the most existing revenue recognition guidance in U.S. GAAP. The ASU also requires expanded disclosures relating to the nature, amount, timing, and uncertainty of revenue from cash flows arising from contracts with customers. The Organization adopted the new standard effective July 1, 2020, the first day of the Organization's fiscal year using the modified retrospective approach. The adoption did not result in a change to the accounting for any of the applicable revenue streams; as such, no cumulative effect adjustment was recorded. See revenue recognition policy above.

TRI-COUNTY COMMUNITY ACTION PROGRAM, INC. AND AFFILIATE**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2021 AND 2020****Other Matters**

The impact of the novel coronavirus (COVID-19) and measures to prevent its spread continue to affect the Organization's business. The significance of the impact of these disruptions, including the extent of their adverse impact on the Organization's financial operational results, will be dictated by the length of time that such disruptions continue and, in turn, will depend on the currently unknowable duration of the COVID-19 pandemic and the impact of governmental regulations that might be imposed in response to the pandemic.

During the years ended June 30, 2021 and 2020, and through the date of this report, the Organization has not experienced a significant decline in revenues, nor a significant change in its operations.

NOTE 11. IN-KIND CONTRIBUTIONS

The Organization records the value of in-kind contributions according to the accounting policy described in Note 1. The Head Start, transportation and elder programs rely heavily on volunteers who donate their services to the Organization. These services are valued based upon the comparative market wage for similar paid positions.

The Organization is also the beneficiary of a donation of in kind in the form of below market rent for some of the facilities utilized by the Head Start and elder programs. The value of the in-kind rent is recorded at the difference between the rental payment and the market rate for the property based upon a recent appraisal.

Many other individuals have donated significant amounts of time to the activities of the Organization. The financial statements do not reflect any value for these donated services since there is no reliable basis for making a reasonable determination.

NOTE 12. CONCENTRATION OF RISK

Tri-County Community Action Program, Inc. receives a majority of its support from federal and state governments. For the years ended June 30, 2021 and 2020, approximately \$18,238,690 (76%) and \$14,380,020 (74%), respectively, of the Organization's total revenue was received from federal and state governments. If a significant reduction in the level of support were to occur, it would have a significant impact on the Organization's programs and activities.

Cornerstone Housing North, Inc. receives a large majority of its support from the U.S. Department of Housing and Urban Development. For the years ended June 30, 2021 and 2020, approximately 67% and 68%, respectively, of the Organization's total revenue was derived from the U.S. Department of Housing and Urban Development. In the absence of additional revenue sources, the future existence of Cornerstone Housing North, Inc. is dependent upon the funding policies of the U.S. Department of Housing and Urban Development.

The majority of Cornerstone Housing North, Inc.'s assets are apartment projects, for which operations are concentrated in the elderly person's real estate market. In addition, the Organization operates in a regulated environment. The operation of the Organization is subject to administrative directives, rules and regulations of federal, state and local regulatory agencies, including, but not limited to, HUD. Such administrative directives, rules and regulations are subject to change by an act of Congress or an administrative change mandated by HUD. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the administrative burden, to comply with the change.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2021 AND 2020**

The exterior soil and interior parts of the East Wing Building contained contaminants which required environmental remediation. In a letter dated May 2, 2012, the State of New Hampshire Department of Environment Services (the Department) noted that the remedial actions for the exterior soils and parts of the East Wing Building had been completed to the Department's satisfaction.

In addition, the Department noted that the contaminants related to the West Wing Building did not pose an exposure hazard to site occupants, area residents, and the environment, provided the West Wing Building is maintained to prevent further structural deterioration. If further deterioration occurs and contaminants are released into the environment, the Organization could be required to take additional action including containment and remediation.

Loss Contingencies

During the year ended June 30, 2018 and subsequently, legal actions were brought against the Organization. Due to the uncertainty of the outcome of such cases as of June 30, 2021, as well as the uncertainty of the Organization's potential liability, no amount has been accrued by the Organization at this time.

NOTE 15. REPLACEMENT RESERVE AND RESIDUAL RECEIPTS ACCOUNTS

Under Cornerstone Housing North, Inc.'s regulatory agreement with HUD, the Organization is required to set aside amounts into a replacement reserve for the replacement of property and other project expenditures approved by HUD. HUD-restricted deposits of \$181,723 and \$155,278 were held in a segregated account at June 30, 2021 and 2020, respectively. HUD-restricted deposits generally are not available for operating purposes.

Cornerstone Housing North, Inc.'s use of the residual receipts account is contingent upon HUD's prior written approval. Residual receipts of \$59,517 and \$31,049 were held in a segregated account for the years ended June 30, 2021 and 2020, respectively.

HUD has initiated policies to recapture funds built up in residual receipts accounts upon renewal of the Organization's project rental assistance contract. The policies direct that the amounts in excess of certain limits in the residual receipts account be (a) used to offset rent subsidies due from HUD under HAP contracts, or (b) remitted directly to HUD. The policies generally require project owners to limit the monies accumulated in the residual receipts account to \$250 per unit.

Certain amounts and accounts from the prior year's financial statements were reclassified to enhance comparability with the current year's financial statements.

NOTE 17. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Non-recognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through November 19, 2021, the date the financial statements were available to be issued.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of
Tri-County Community Action Program, Inc.
Berlin, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Tri-County Community Action Program, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated November 19, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Tri-County Community Action Program Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tri-County Community Action Program Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Tri-County Community Action Program Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tri-County Community Action Program Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

TRI-COUNTY COMMUNITY ACTION PROGRAM, INC.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of
Tri-County Community Action Program, Inc.
Berlin, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Tri-County Community Action Program Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Tri-County Community Action Program Inc.'s major federal programs for the year ended June 30, 2021. Tri-County Community Action Program Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Tri-County Community Action Program Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Tri-County Community Action Program Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Tri-County Community Action Program Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Tri-County Community Action Program, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control over Compliance

Management of Tri-County Community Action Program, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Tri-County Community Action Program Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Tri-County Community Action Program, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
