EXPLANATION

This request is **Sole Source** because MOP 150 requires all amendments to agreements previously approved as sole source to be identified as sole source. Federal regulations require all procurement efforts to be directed by the U.S. Department of Housing and Urban Development (HUD) which requires the Department to specify the vendor's name during the annual, federal, Continuum of Care (CoC) competitive application process for up to a year prior to the grant award being issued. As the Collaborative Applicant, the Department is required to issue a Request for Proposals, through the Continuum, based on the HUD CoC Program Notice of Funding Opportunity (NOFO). HUD reviews and scores vendor applications based on federal rank and review policy, and scoring tools, created to match the federal NOFO. HUD subsequently awards funding based on strict federal criteria specifying eligible activities, populations to be served, expected performance outcomes, and time frames for the application competition and subsequent Departmental agreements. The Department receives notification of the awards and signed grant agreements from HUD several months later; at which time agreements, such as that contained in this request, can be executed.

The purpose of this request is to add additional support to the Permanent Supportive Housing program which delivers rental assistance, service access and supportive services to individuals and families who are experiencing homelessness. This program facilitates the transition of individuals, youth, and families, experiencing homelessness, to permanent housing and maximum self-sufficiency. The request adds funds included in the Federal Grant Agreement (FY2021 CoC NOFO) which the Department received in August 2022 and was not included in the prior action.

Approximately thirteen (13) households will be served annually.

Using the federally required Housing First model, the Contractor develops Stabilization and Crisis Management plans and facilitates each participant's relocation to sustained permanent housing. Additionally, the Contractor works to maximize each participant's ability to live more independently by providing connections to community and mainstream services.

The Department will monitor services by:

- Conducting annual reviews relating to compliance with administrative rules and contractual agreements.
- Reviewing semi-annual statistical reports, including various demographic information, as well as income and expense reports, to include match dollars.
- Reviewing data entered into the New Hampshire Homeless Management Information System, which is the primary reporting tool for outcomes and activities of shelter and housing programs.

Should the Governor and Council not authorize this request, there will be fewer permanent housing options and supportive services available, leaving vulnerable individuals and families experiencing homelessness in unsafe situations without needed support. Additionally, the Department will be out of compliance with federal regulations, which could result in a loss of federal funding for these and other types of permanent housing and supportive service programs.

Area served: Cheshire and Sullivan Counties.

Source of Federal Funds: Assistance Listing Number #14.267, FAIN # NH0092L1T002106.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Southwestern Community Services, Inc. (a New Hampshire nonprofit corporation) and related companies, which comprise the consolidated statement of financial position as of May 31, 2021, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Southwestern Community Services, Inc. and related companies as of May 31, 2021, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Southwestern Community Services, Inc. and related companies' 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 5, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended May 31, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedules of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the Schedules of Functional Revenues and Expenses, are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2021, on our consideration of Southwestern Community Services, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southwestern Community Services, Inc.'s internal control over financial reporting and compliance.

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(continued)

Basis of Accounting

The consolidated financial statements of the Organization have been prepared utilizing the accrual basis of accounting in accordance with generally accepted accounting principles.

Basis of Presentation

The consolidated financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles (US GAAP), which require the Organization to report information regarding its financial position and activities according to the following net asset classifications. The classes of net assets are determined by the presence or absence of donor-imposed restrictions.

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's Board of Directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

As of May 31, 2021 and 2020, the Organization had net assets without donor restrictions and with donor restrictions.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended May 31, 2020 from which the summarized information was derived.

Refundable Advances

The Organization records grant and contract revenue as refundable advances until it is expended for the purpose of the grant or contract, at which time it is recognized as revenue.

SOUTHWESTERN COMMUNITY SERVICES, INC. AND RELATED COMPANIES**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED MAY 31, 2021 AND 2020****NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**
(continued)**In-Kind Support**

The Organization records various types of in-kind support including professional services and materials. Contributed professional services are recognized if the service received creates or enhances long-lived assets or requires specialized skill, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair value when received.

Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents.

The following table provides a reconciliation of cash and restricted cash reported within the statements of financial position that sum to the total in the statements of cash flows as of May 31:

(continued)****Current Vulnerability Due to Certain Concentrations**

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies. Such administrative directives, rules and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change. For the years ended May 31, 2021 and 2020, approximately 71% and 69%, respectively, of the Organization's total revenue was received from government agencies. The future nature of the Organization is dependent upon continued support from the government.

Concentration of Credit Risk

The Organization maintains its cash accounts in several financial institutions, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

Property and Depreciation

Purchased property and equipment are stated at cost at the date of acquisition or at fair value at the date of receipt in the case of donated property. The Organization generally capitalizes and depreciates all assets with a cost greater than \$5,000 and an expected life greater than one year. Depreciation is provided for using the straight-line method in amounts designed to amortize the cost of the assets over their estimated useful lives as follows:

Buildings and improvements	10 - 40 Years
Vehicles and equipment	5 - 10 Years
Furniture and fixtures	7 Years

The use of certain assets is specified under the terms of grants received from agencies of the federal government. These grants also place liens on certain assets and impose restrictions on the use of funds received from the disposition of the property. Depreciation expense for the years ended May 31, 2021 and 2020 totaled \$909,155 and \$663,252, respectively.

Advertising

The Organization expenses advertising costs as incurred.

Fair Value of Financial Instruments

FASB ASC Topic No. 820-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with ASC 820-10, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The carrying amount of cash, accounts receivables, prepaid expenses, accounts payable, accrued expenses, and refundable advances approximates fair value because of the short maturity of those instruments.

Revenue Recognition

Amounts received from conditional grants and contracts received for specific purposes are generally recognized as income to the extent that related expenses and conditions are incurred or met. Conditional grants received prior to the conditions being met are reported as refundable advances. Contributions of cash and other assets are reported as with donor restrictions if they are received with donor imposed stipulations that limit the use of the donated assets. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as without donor restrictions.

Revenue Recognition (continued)

Program Service Revenue

Program service revenue is recognized as revenue when the services are performed.

Rental Revenue

The Organization derives revenues from the rental of apartment units. Revenues are recognized as income, monthly, when rents become due and control of the apartment units is transferred to the lessees. The individual leases are for a term of one year and are cancelable by the tenants. Control of the leased units is transferred to the lessee in an amount that reflects the consideration the Partnership expects to be entitled to in exchange for the leased units. The cost incurred to obtain a lease will be expensed as incurred.

Performance Obligations and Contract Assets and Liabilities

The performance obligations related to the lease contracts and program services are satisfied at a point in time. Revenue from performance obligations satisfied at a point in time consist of monthly rental payments and fees for program services. There are no contract assets or liabilities for the years ended May 31, 2021 and 2020.

New Accounting Pronouncement

In May 2014, FASB issued ASU 2014-09 (Topic 606) – Revenue from Contracts with Customers. The ASU and all subsequently issued clarifying ASUs replaced most existing revenue recognition guidance in U.S. GAAP. The ASU also requires expanded disclosures relating to the nature, amount, timing, and uncertainty of revenue from cash flows arising from contracts with customers. The Organization adopted the new standard effective June 1, 2020, the first day of the Organization's fiscal year using the modified retrospective approach. The adoption did not result in a change to the accounting for any of the applicable revenue streams; as such, no cumulative effect adjustment was recorded. See revenue recognition policy above.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Natural expenses are defined by their nature, such as salaries, rent, supplies, etc. Functional expenses are classified by the type of activity for which expenses are incurred, such as management and general and direct program costs. Expenses are allocated by function using a reasonable and consistent approach that is primarily based on function and use.

NOTE 18 OTHER EVENTS

The impact of the novel coronavirus (COVID-19) and measures to prevent its spread are affecting the Organization's operations. The significance of the impact of these disruptions, including the extent of their adverse impact on the Organization's financial operational results, will be dictated by the length of time that such disruptions continue and, in turn, will depend on the currently unknowable duration of the COVID-19 pandemic and the impact of governmental regulations that might be imposed in response to the pandemic. The Organization's business could also be impacted should the disruptions from COVID-19 lead to changes in consumer behavior. COVID-19 also makes it more challenging for management to estimate future performance of the businesses, particularly over the near to medium term.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of
Southwestern Community Services, Inc.
Keene, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Southwestern Community Services, Inc. (a New Hampshire nonprofit corporation) and related companies, which comprise the consolidated statement of financial position as of May 31, 2021, and the related consolidated statements of activities, functional expenses, and cash flows, for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated October 22, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Southwestern Community Services, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southwestern Community Services, Inc.'s consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of
Southwestern Community Services, Inc.
Keene, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Southwestern Community Services, Inc.'s (a New Hampshire nonprofit corporation) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Southwestern Community Services, Inc.'s major federal programs for the year ended May 31, 2021. Southwestern Community Services, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Southwestern Community Services, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southwestern Community Services, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southwestern Community Services, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Southwestern Community Services, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended May 31, 2021.

Report on Internal Control Over Compliance

Management of Southwestern Community Services, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southwestern Community Services, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

EXPLANATION

The purpose of this request is to continue providing a Permanent Supportive Housing program that delivers rental assistance, service access and supportive services to individuals and families who are experiencing homelessness. The Department is seeking to extend the contract beyond the completion date and available contract renewal options in response to a directive from the U.S. Department of Housing and Urban Development, Federal Fiscal Year 2021 Notice of Funding Opportunity, to provide an additional one (1) year of funding to the Contractor for this specific Continuum of Care grant project.

Approximately thirteen (13) households will be served annually.

Using the federally required Housing First model, the Contractor develops Stabilization and Crisis Management plans and facilitates each participant's relocation to sustained permanent housing. Additionally, the Contractor works to maximize each participant's ability to live more independently by providing connections to community and mainstream services.

The Department will monitor services by:

- Conducting annual reviews relating to compliance with administrative rules and contractual agreements.
- Reviewing semi-annual statistical reports, including various demographic information, as well as income and expense reports, to include match dollars.
- Reviewing data entered into the New Hampshire Homeless Management Information System, which is the primary reporting tool for outcomes and activities of shelter and housing programs.

Should the Governor and Council not authorize this request, there will be fewer permanent housing options and supportive services available, leaving vulnerable individuals and families experiencing homelessness in unsafe situations without needed support. Additionally, the Department will be out of compliance with federal regulations, which could result in a loss of federal funding for these and other types of permanent housing and supportive service programs.

Area served: Cheshire and Sullivan Counties.

Source of Federal Funds: Assistance Listing Number #14.267, FAIN # NH0092L1T00(TBD)

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

EXPLANATION

Federal regulations require the Department to identify each vendor, by name, during the annual, federal Continuum of Care Program renewal application process, prior to the grant awards being issued. A competitive process occurs at the Federal level and the Department delivers the funding to the Contractors through these agreements. Specifically, the U.S. Department of Housing and Urban Development (HUD) reviews the applications and subsequently awards funding based on pre-established criteria.

The purpose of this request is to continue providing a Permanent Housing program that delivers rental assistance, service access and supportive services to individuals and families who are experiencing homelessness. The program facilitates the movement of individuals, youth, and/or, families experiencing homelessness to permanent housing and maximum self-sufficiency.

Approximately twelve (12) households will be served from August 1, 2021 to July 31, 2022.

Using the Housing First model, the vendor develops Stabilization and Crisis Management plans and facilitates each participant's movement into sustained permanent housing. Additionally, vendors work to maximize each participant's ability to live more independently by providing connections to community and mainstream services.

The Department will monitor contracted services using the following tools:

- Annual reviews relating to compliance with administrative rules and contractual agreements.
- Semi-annual statistical reports, including various demographic information and income and expense reports, to include match dollars.
- Data entry into the New Hampshire Homeless Management Information System, which is the primary reporting tool for outcomes and activities of shelter and housing programs.

As referenced in Exhibit C-1, Revisions to Standard Contract Language, Section 2., Renewal, of the original contract, the parties have the option to extend the agreement for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Council approval. The Department is exercising its option to renew services for one (1) year of the one (1) year and eight (8) months available.

Should the Governor and Council not authorize this request, there will be fewer permanent housing options and supportive services available, leaving vulnerable individuals and families, in unsafe and deadly situations, without a safety net. Additionally, if data is not collected, as required by the contract, the Department will be out of compliance with federal regulations, which could result in a loss of federal funding for these and other types of permanent housing and supportive service programs.

EXPLANATION

This request is Sole Source because the contract was originally approved as sole source and MOP 150 requires any subsequent amendments to be labelled as sole source. The original request was Sole Source because federal regulations required the Department to specify each vendor's name during the annual, federal Continuum of Care Program renewal application process, prior to the grant award being issued. Based on the application evaluation process, the U.S. Department of Housing and Urban Development (HUD) directs the Department to provide grant awards and the specific amounts to vendors.

The purpose of this request is to continue to provide Permanent Supportive Housing Program that delivers rental and leasing assistance, service access and supportive services to individuals and families who are experiencing homelessness. The program facilitates the movement of individuals, youth, and/or families experiencing homelessness to permanent housing and maximum self-sufficiency. Approximately thirteen (13) households will be served from April 1, 2020 to July 31, 2021.

Using the Housing First model and the development of Stabilization and Crisis Management plans, the vendor will facilitate the movement of each participant into sustained permanent housing while providing connections to community and mainstream services to maximize each participant's ability to live more independently.

The Department will monitor contracted services using the following reports and information:

- Annual reviews relating to compliance with administrative rules and contractual agreements.
- Semi-annual statistical reports, including various demographic information, as well as income and expense reports, to include match dollars.
- Data entry into the New Hampshire Homeless Management Information System, which is the primary reporting tool for outcomes and activities of shelter and housing programs.

As referenced in Exhibit C-1, Revisions to Standard Contract Language, Section 2., Renewal, of the original contract, the parties have the option to extend the agreement for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Council approval. The Department is exercising its option to renew services for four (4) months of the two (2) years available.

Should the Governor and Council not authorize this request, there will be fewer permanent housing options and homeless outreach services available, leaving vulnerable individuals and families in unsafe and potentially deadly situations. Additionally, if data is not collected as required by the contract, the Department will be in non-compliance with federal regulations, which could result in a loss of federal funding for homeless and permanent housing supportive services.

EXPLANATION

This request is sole source because federal regulations require the Department to identify vendors with whom the Department will contract during the annual federal Continuum of Care Program renewal application process prior to the grant award being issued. The U.S. Department of Housing and Urban Development reviews the applications and subsequently awards funding based on its criteria. The application process and timing of grant terms do not align with state or federal fiscal years. The start date of a grant is based on the month in which each grant's original federal agreement was issued. This results in Continuum of Care Program grant start dates, and subsequent renewal approval requests, occurring in various months throughout the year.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council

Page 2 of 3

The purpose of this request is to provide a Permanent Housing Program that delivers permanent housing and supportive services, as well as associated administrative services, to individuals facing homelessness to increase the ability of participants to live more independently.

The vendor will provide permanent housing and supportive services targeted to serve five (5) households previously experiencing chronic homelessness, at any given time, from April 1, 2020 through March 31, 2021.

The attached agreement represents one (1) of thirty (30) total agreements, all of which have renewal dates dispersed throughout the calendar year. The thirty (30) agreements are with vendors who are located throughout the state to ensure statewide delivery of housing services through New Hampshire's Continuum of Care Program.

The U.S. Department of Housing and Urban Development established the Continuum of Care concept to support communities in their efforts to address the problems of housing instability and homelessness in a coordinated, comprehensive, and strategic fashion. The Continuum of Care serves three main purposes:

- (1) A strategic planning process for addressing homelessness in the community.
- (2) A process to engage broad-based, community-wide involvement in addressing homelessness on a year-round basis.
- (3) An opportunity for communities to submit an application to the U.S. Department of Housing and Urban Development for resources targeting housing and support services for individuals and families who face homelessness.

The Department ensures contract compliance and vendor performance in the following ways:

- (1) Annual compliance reviews are performed and include the collection of data relating to compliance with administrative rules and contractual agreements.
- (2) Statistical reports are submitted by the vendor on a semi-annual basis which include various demographic information and income and expense reports, including match dollars.
- (3) The vendor is required to maintain timely and accurate data entry in the New Hampshire Homeless Management Information System, which is the primary reporting tool for outcomes and activities of shelter and housing programs funded through these contracts.

As referenced in Exhibit C-1 of this contract, the parties have the option to extend contract services for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Executive Council approval.

Should the Governor and Executive Council not authorize this request, Permanent Housing and supportive services for homeless individuals may not be available in their communities, and there may be an increase in demand for services placed upon the region's local welfare authorities. Lack of services may also cause individuals to become homeless.

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.
2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.
3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.
4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.
5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.
6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.
7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
 - 7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
 - 7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs.

 - 11.2. **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.
12. **Completion of Services: Disallowance of Costs:** Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, in its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.
13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:

- 19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
- 19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
