EXPLANATION

The purpose of this request is to provide a restorative practices training to diversion programs and juvenile justice staff throughout the state, an emerging social science which studies how to strengthen relationships between individuals, as well as enhancing social connections within communities. The Department wants to expand the use of restorative practices by engaging existing community stakeholders in the process. Building community capacity at the local level can increase opportunities for youth and families to engage in the process, without having to go through the traditional court process. This will help to prevent further delinquency of juveniles, with the intent that these services implemented pre-court will reduce the amount of juveniles entering the court system.

Approximately 80 individuals will be served during State Fiscal Years 2023, 2024 and 2025.

The target population includes community agencies, such as diversion programs external to the Department, and juvenile justice staff (Juvenile Probation and Parole Officers and Youth Counselors) internal to the Department, that want to engage in the use of Restorative Practices within their communities in order to increase the level of services provided to youth in the juvenile justice system. The Contractor will be developing and providing Restorative Practices trainings to stakeholders throughout the state of New Hampshire.

The Department will monitor services by:

- Participating in monthly performance meetings with Contractor, to include on-site reviews at the request of the Department.
- Submission of monthly invoices to ensure progress on development, necessary materials, and implementation of activities in the contract.
- Submission of annual report that outlines ongoing progress on tasks and implantation data.
- The Contractor may be required to provide other key data and metrics to the Department in a format specified by the Department.

The Department selected the Contractor through a competitive bid process using a Request for Applications (RFA) that was posted on the Department's website from October 6, 2022 through November 17, 2022. The Department received two (2) responses that were reviewed and scored by a team of qualified individuals. The Scoring Sheet is attached.

As referenced in Exhibit A of the attached agreement, the parties have the option to extend the agreement for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and Governor and Council approval.

Should the Governor and Council not authorize this request the juvenile justice and juvenile diversion fields will continue to have inconsistency in the restorative tools provided to the youth and families of our communities. Without this contract the juvenile justice and juvenile diversion fields will not be reviewed for current restorative culture to work on areas of absent or deficient restorative prosthesis. Approving this request will benefit the State of New Hampshire by promoting consistency across the State on the available restorative tools offered and provided to youth and families, no matter which diversion or probation door they enter. Providing restorative programing at the onset of wrongdoing helps to repair harm in relationships, engage wrongdoers in empathetic thinking, and engage victims in the process of healing.

Area served: Statewide

Source of Federal Funds: Assistance Listing Number #16.540, FAIN #2019-JX-FX-00052

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lori A. Weaver

8. EVENT OF DEFAULT/REMEDIES.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.  - 1.4.1. Abide by the terms of the statement; and

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

- 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

 - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
- 12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).
