REQUESTED ACTIONS

1. Authorize the Department of Environmental Services (NHDES) to amend an American Rescue Plan (ARPA) grant (PO# 1086164) to the Town of Jaffrey (VC #177416-B001), NH, by extending the completion date from September 30, 2023 to December 31, 2025 for water system improvements under the provisions of RSA 485:F, effective upon Governor & Council approval. The original ARPA grant was approved by Governor and Council on June 1, 2022, Item #87. This is a no cost time extension. 48% Federal Funds, 52% Drinking Water and Groundwater Trust Fund.
2. Authorize the Department of Environmental Services (NHDES) to amend a Drinking Water and Groundwater Trust Fund (DWGTF) grant (PO# 1077750) to the Town of Jaffrey (VC #177416-B001), NH, by extending the completion date from September 1, 2023 to December 31, 2025 for water system improvements under the provisions of RSA 485:F, effective upon Governor & Council approval. The original DWGTF grant was approved by Governor and Council on December 18, 2020, Item #53, and amended on June 1, 2022, Item #87. This is a no cost time extension. 48% Federal Funds, 52% Drinking Water and Groundwater Trust Fund.

EXPLANATION

We are requesting approval of these amendments to provide the Town of Jaffrey additional time to complete the agreed upon scope of services for the Cold Stone Springs Water Supply Project. The project is a collaborative effort between the Towns of Jaffrey and Peterborough to develop supply wells in Sharon, NH, and connect the new source to the Towns' respective distribution systems. Due to significant review time by the US Economic Development Administration (USEDA) of the Town's funding application, there were delays in securing the final funding to move forward with the project. To date, \$382,775.46 of the awarded \$830,000.00 grant has been spent.

In the event that these funds become no longer available, General funds will not be requested to support this project. These amendments have been approved by the Attorney General's Office as to form, substance and execution.

We respectfully request your approval of this item.

1. Authorize the Department of Environmental Services to award a grant to the Town of Jaffrey (VC# 177416-B001), Jaffrey, NH, in the amount not to exceed \$400,000 for water system improvements, effective upon Governor & Council approval through September 30, 2023. 100% Federal Funds.

Funding is available in the following account:

03-44-44-440010-2476-072-500574
Dept Environmental Services, ARPA Program, Grants Federal
Activity Code #: 00FRF602WB44010

FY 2022
\$400,000

2. Authorize the Department of Environmental Services to amend a Drinking Water and Groundwater Trust Fund grant (PO # 1077750) to the Town of Jaffrey (VC# 177416-B001), Jaffrey, NH, to allow the disbursement of ARPA funds before Trust funds effective upon Governor & Council approval through September 1, 2023. This is a no-cost amendment. The original grant was approved by Governor and Council on December 18, 2020, Item #53. 100% Drinking Water and Groundwater Trust Fund.

EXPLANATION

NHDES is requesting approval to enter into a grant agreement for American Rescue Plan Act of 2021 (ARPA) funds and a no-cost amendment of the original Drinking Water and Groundwater Trust Fund (DWGTF) grant agreement for the Town of Jaffrey's Cold Stone Springs water supply project. The Cold Stone Springs water supply project is a combination project between the Towns of Jaffrey and Peterborough to develop existing supply wells in Sharon, NH, and connect the new source to the Towns' respective distribution systems.

Working together during 2021, the Towns of Jaffrey and Peterborough advanced the design phase of the project and based on the updated basis of design and rising construction costs, the total project cost is estimated to be \$16,900,000, a \$4,300,000 increase. The Town of Jaffrey's share of the total project cost is approximately \$7,022,100, an increase of \$2,092,100.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
Page 2 of 2

The Town of Jaffrey requested \$1,000,000 in additional funding from NHDES to cover increased project costs. NHDES, through ARPA, has offered the Town of Jaffrey a \$400,000 grant for the project. ARPA is a \$1.9 trillion economic stimulus bill passed by the 117th United States Congress and signed into law by President Biden on March 11, 2021, to speed up the United States' recovery from the economic health effects of the COVID-19 pandemic and the resultant recession. The Act defines eligible uses of the state and local funding, including responding to public health emergencies, responding to workers performing essential work during the COVID-19 emergency, providing revenue relief to states and making investments in water, sewer, and broadband infrastructure. This is an allowable use of ARP FRF funds under Section 602 (c)(1)(D) to make necessary investments in water, sewer, or broadband infrastructure.

In accordance with the final rule from the US Treasury Department for water and wastewater infrastructure investments, project eligibility is aligned with the Environmental Protection Agency's Clean Water State Revolving Fund (CWSRF) and Drinking Water State Revolving Fund (DWSRF). This project is an eligible DWSRF infrastructure project. The ARPA grant funds will be expended first, and the total amount disbursed may not exceed \$400,000.

The Town of Jaffrey has a significant mix of federal and state funding sources, each governed by their own rules and manner of use, to pay for the Town's cost-share of the project. Due to restrictions on the use of several of the federal funding sources, increased project cost, and addition of new funding sources, Jaffrey requested an amendment of Exhibit B, Budget, and Payment Method, of the DWGTF grant to allow them to expend 100% of the DWGTF funds after the ARPA funds. On February 14, 2022, the Drinking Water and Groundwater Advisory Commission approved Jaffrey's request to amend Exhibit B. To date, \$106,225 of the original \$430,000 DWGTF grant has been spent.

If grant funds become no longer available, General funds will not be requested to support these programs. This grant agreement and grant amendment have been approved by the Attorney General's Office as to form, substance, and execution.

We respectfully request your approval of this item.

This covenant shall survive the termination of this agreement.

SPECIAL PROVISIONS

I. NEW HAMPSHIRE STATE AND LOCAL FISCAL RECOVERY FUNDS FEDERAL REQUIREMENTS

This Agreement is funded under a grant to the State of New Hampshire (State) and subsequently through the Governor's Office for Emergency Relief and Recovery (GOFERR) and New Hampshire Department of Environmental Services (NHDES) as approved by the Governor and Executive Council from the federal government through the Department of Treasury (Treasury) through the American Rescue Plan Act of 2021 (ARPA), with the source of funds being the State and Local Fiscal Recovery Funds (SLFRF) identified under the Catalog of Federal Domestic Assistance (CFDA) number #21.027. The Federal Award Identification Number (FAIN) for this award is SLFRP0145. This grant award is a subaward of SLFRF funds and any and all compliance requirements, as updated by Treasury, for use of SLFRF funds are applicable to the Subrecipient, without further notice. Treasury requirements are published and updated at <https://home.treasury.gov/policy-issues/coronavirus/assistance-for-state-local-and-tribal-governments/state-and-local-fiscal-recovery-funds>.

FEDERAL FUNDING ACCOUNTABILITY and TRANSPARENCY ACT (FFATA). The Subrecipient shall comply with the terms of the FFATA by providing NHDES with their Data Universal Numbering System (DUNS) number, and all applicable Executive Compensation Data Information as required under the FFATA. A DUNS number may be obtained by visiting <http://fedgov.dnb.com/webform/>.

SAM REGISTRATION: The Subrecipient must have an active registration with the System for Award Management (SAM) (<https://www.sam.gov>).

GENERALLY ACCEPTED ACCOUNTING PROCEDURES: The Subrecipient, if a governmental entity, shall maintain project accounts in accordance with the Generally Accepted Accounting Principles (GAAP), including standards relating to the reporting of infrastructure assets as issued by the Governmental Accounting Standards Board (GASB). The full text of Governmental Accounting Reporting Standards is available through the GASB website at: <http://www.gasb.org>

RECORDKEEPING REQUIREMENTS: The Subrecipient must maintain records and financial documents for five years after all funds have been expended or returned to the State and/or Treasury. Treasury may request transfer of records of long-term value at the end of such period. Wherever practicable, such records should be collected, transmitted, and stored in open and machine-readable formats.

Subrecipient must agree to provide or make available such records to the State and Treasury upon request, and to the Government Accountability Office ("GAO"), Treasury's Office of Inspector General ("OIG"), and their authorized representative in order to conduct audits or other investigations.

SINGLE AUDIT REQUIREMENTS: Recipients and subrecipients that expend more than \$750,000 in Federal awards during their fiscal year will be subject to an audit under the Single Audit Act and its implementing regulation at 2 CFR Part 200, Subpart F regarding audit requirements. Recipients and subrecipients may also refer to the Office of Management and Budget (OMB) Compliance Supplements for audits of federal funds and related guidance and the Federal Audit Clearinghouse to see examples and single audit submissions.

CIVIL RIGHTS COMPLIANCE: The sub-grantee, contractor, subcontractor, successor, transferee, and assignee shall comply, and shall include in every contract or agreement funded with these funds this same requirement to comply, with Title VI of the Civil Rights Act of 1964, which prohibits recipients of federal financial assistance from excluding from a program or activity, denying benefits of, or otherwise discriminating against a person on the basis of race, color, or national origin (42 U.S.C. § 2000d et seq.), as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, which are herein incorporated by reference and made a part of this contract (or agreement). Title VI also includes protection to persons with "Limited English Proficiency" in any program or activity receiving federal financial assistance, 42 U.S.C. § 2000d et seq., as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, and herein incorporated by reference and made a part of this contract or agreement.

In order to carry out its enforcement responsibilities under Title VI of the Civil Rights Act, NHDES may collect and review information from subrecipients to ascertain their compliance with the applicable requirements before and after providing financial assistance. Treasury's implementing regulations, 31 CFR part 22, and the Department of Justice (DOJ) regulations, Coordination of Non-discrimination in Federally Assisted Programs, 28 CFR part 42, provide for the collection of data and information from recipients and subrecipients (see 28 CFR 42.406).

PERIOD OF PERFORMANCE: All funds are subject to statutory requirements that they must be used for costs incurred by the recipient during the period that begins on March 3, 2021, and ends on December 31, 2024, and that award funds for the financial obligations incurred by December 31, 2024 must be expended by December 31, 2026.

PROCUREMENT, SUSPENSION AND DEBARMENT: Recipients are responsible for ensuring that any procurement using SLFRF funds, or payments under procurement contracts using such funds are consistent with the procurement standards set forth in the Uniform Guidance at 2 CFR 200.317 through 2 CFR 200.327, as applicable. The Uniform Guidance establishes in 2 CFR 200.319 that all procurement transactions for property or services must be conducted in a manner providing full and open competition, consistent with standards outlined in 2 CFR 200.320, which allows for non-competitive procurements only in circumstances where at least one of the conditions below is true: the item is below the micro-purchase threshold; the item is only available from a single source; the public exigency or emergency will not permit a delay from publicizing a competitive solicitation; or after solicitation of a number of sources, competition is determined inadequate. Subrecipients must have and use documented procurement procedures that are consistent with the standards outlined in 2 CFR 200.317 through 2 CFR 200.320.

Subrecipient shall fully comply with Subpart C of 2 C.F.R. Part 180 entitled, "Responsibilities of Participants Regarding Transactions Doing Business With Other Persons," as implemented and supplemented by 2 C.F.R. Part 1532. Subrecipient is responsible for ensuring that any lower tier covered transaction, as described in Subpart B of 2 C.F.R. Part 180, entitled "Covered Transactions," and 2 C.F.R. § 1532.220, includes a term or condition requiring compliance with 2 C.F.R. Part 180, Subpart C. Subrecipient is responsible for further requiring the inclusion of a similar term and condition in any subsequent lower tier covered transactions. Subrecipient acknowledges that failing to disclose the information required under 2 C.F.R. § 180.335 to NHDES may result in the delay or negation of this assistance agreement, or pursuance of administrative remedies, including suspension and debarment. Subrecipients may access the System for Award Management (SAM) exclusion list at <https://sam.gov/SAM/> to determine whether an entity or individual is presently excluded or disqualified.

By entering into this agreement, the subrecipient certifies that the subrecipient is not debarred or suspended. Furthermore, the subrecipient certifies that no part of this contract will be subcontracted to a debarred or suspended person or firm.

DOMESTIC PREFERENCES FOR PROCUREMENTS (2 C.F.R. § 200.322) As appropriate and to the extent consistent with law, to the greatest extent practicable, there is a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). FY 2021

\$430,000

Dept. Environmental Services, Drinking Water and Groundwater Trust, Grants Non-Federal

EXPLANATION

The Drinking Water and Groundwater Trust Fund (DWGTF) was created in 2016 using \$276 million of MtBE trial judgement funds, as authorized by RSA 485-F. The purpose of the Trust Fund is to provide sustainable long-term funding for the protection, preservation, and enhancement of the drinking water and groundwater resources of the state. The Drinking Water and Groundwater Advisory Commission was established to administer the Trust Fund and to provide guidance to the State on the use of the Trust Fund.

On August 10, 2020, the Advisory Commission voted to authorize \$430,000 as a grant to the Town of Jaffrey for water system improvements. The water system improvements include a regional project with the Town of Peterborough. The Towns of Jaffrey and Peterborough intend to purchase the Cold Stone Springs site for use as a shared municipal water supply, construct a joint water treatment plant to improve the finished water quality from the three groundwater wells and construct cross country connections to the Jaffrey and Peterborough water systems. The total project cost for the Town of Jaffrey's portion of the project is \$4,930,000. The remaining \$4,500,000 is being funded by a loan from the New Hampshire Drinking Water State Revolving Fund, a grant from the Northern Borders Regional Commission, and other non-DWGTF funding sources.

The final DWGTF grant amount will be based on the total funds disbursed not to exceed \$430,000, and may be less than the approved amount. In the event that grant funds no longer become available,
