EXPLANATION

These local grant awards are part of the 2021 Homeland Security Grant Program (HSGP) from the U.S. Department of Homeland Security Federal Emergency Management Agency, (DHS/FEMA) and support anti-terrorism related training, exercises, and equipment for First Responders statewide. The equipment represented in this item is specific to established Regional Hazardous Materials teams that can undertake specific mission areas of emphasizing chemical, biological, radiological nuclear and explosive (CBRNE) prevention, response, or recovery. This funding must be allocated for executing the mission of the Homeland Security Grant throughout the local and state levels specific to eligible First Responder entities conducting anti-terrorism linked activities. These teams and the State Fire Marshal Office will be acquiring radiological detection upgrades and engaging in training for air monitoring at hazardous material incidents in a standard format.

The New Hampshire Department of Safety is the only entity eligible to submit HSGP applications to DHS/FEMA, including those applications submitted on behalf of all eligible New Hampshire local and State applicants. State Administrative Agencies' (SAAs) are required to pass-through at least 80% of State Homeland Security Program (SHSP) funding to local or tribal units of government. The Homeland Security grant allocation plan is determined by a DHS/FEMA directed advisory committee composed primarily of New Hampshire Local and aligned State First Responders on an annual basis. This group also reviews the competitive applications and recommends awards annually in line with DHS/FEMA requirements.

Due to the time required to fully execute and accept funding at the county and municipal level, combined with the timing of future Governor and Executive Council meetings, the Department of Safety requests authorization to enter into the grant agreements noted above using the grant agreement form attached to this request. Governor and Executive Council approval of this item will permit grant agreements to become effective after being fully executed and accepted at the county and municipal level, without requiring further action by the Governor and Executive Council. These agreements will remain subject to a review of form and execution by the Attorney General's Office prior to final execution and approval by the Department of Safety.

Highway Funds or General Funds will not be used should Federal Funds become unavailable.

Respectfully submitted,

Robert L. Quinn
Commissioner of Safety

This procedure for changes to the approved sub grant is not limited to budgetary changes, but also includes changes of substance in project activities and changes in the project director or key professional personnel identified in the approved application.

As a condition of the receipt of these funds:
Funding may be suspended or terminated for filing a false certification in this application or other reports or document as part of this program.

Tracking of Equipment:

Upkeep, maintenance, and training of and for equipment procured as part of the Homeland Security Grant Program is a local and/or grantee responsibility. The inventory of this equipment is a local responsibility and the recipient of such understands that inspections, auditing, and inventory accounting of this equipment may occur as a condition of this grant either from Federal, State or other appropriate level agency and agent.

Equipment valued over \$5,000:

To comply with OMB 2 CFR 200 equipment valued at this level must inventoried and tracked locally and be reported to the State Department of Safety (DOS) – Grants Management Unit for 2 years or until the item carries a depreciated value of less than \$250. The disposition of the equipment must be reported. DOS recommends consulting with local auditor's compliance and disposition rules governing equipment procured with Federal funds.

with affected agencies; that I am duly authorized by the Applicant to perform the tasks of the Official Authorized to Sign as they relate to the requirements of this grant application; that costs incurred prior to Grantee approval may result in the expenditures being absorbed by the subrecipient; and, that the receipt of these grant funds through the Grantee will not supplant state or local funds. **CERTIFICATION: I CERTIFY THAT I AM DULY AUTHORIZED UNDER THE STATUTES OF THE STATE OF NH TO APPLY FOR, AUTHORIZE, OR ACCEPT THE HOMELAND SECURITY GRANT FUNDS / EQUIPMENT HEREIN. ***THE AUTHORIZING OFFICIAL MUST BE STATUTORILY ALLOWED TO SIGN A CONTRACT FOR THE MUNICIPALITY (i.e. Mayor, City Manager, Town Manager, Chairperson BOS, etc.) PER RSA 31:95b or RSA 37:6**

Non-Supplanting Certification: This certification, which is a required component of the New Hampshire application, affirms that federal Homeland Security grant funds will be used to **supplement** (add to) existing funds, and will not **supplant** (replace) funds that have been locally appropriated for the same purpose. Potential supplanting will be addressed in the application review as well as in the pre-award review, post award monitoring, and the audit. DHS/FEMA I.B. 379 allows as well as FP-205-402-125-1 which apply to maintenance and sustainment of grant or in some cases non- grant acquired capabilities with specific definitions. Applicants and/or grantees will be/may be required to supply documentation certifying that a reduction in non-federal resources occurred for reasons OTHER than the receipt or expected receipt of federal Homeland Security grant funds. Supplanting funds is loosely defined (for these purposes) as using federal grant money to "replace" or "take the place of" existing local funding for equipment or programs. The funds are intended to provide local entities with increased or in 2021, sustained capabilities or to build capacity to address CBRNE/WMD terrorist incidents.

Article I - Summary Description of Award

The purpose of the FY 2021 HSGP is to support state and local efforts to prevent terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. The HSGP provides funding to implement investments that build, sustain, and deliver the 32 core capabilities essential to achieving the National Preparedness Goal of a secure and resilient Nation. Among the five basic homeland security missions noted in the DHS Quadrennial Homeland Security Review, HSGP supports the goal to Strengthen National Preparedness and Resilience. The building, sustainment, and delivery of these core capabilities are not exclusive to any single level of government, organization, or community, but rather, require the combined effort of the whole community. This HSGP award consists of State Homeland Security Program (SHSP) funding in the amount of \$4,602,500, and Operation Stonegarden (OPSG) funding in the amount of \$180,000. The following counties shall receive OPSG subawards for the following amounts: Coos, \$180,000. Recipients should submit the completed tool, including supporting materials, to CivilRightsEvaluation@hq.dhs.gov. This tool clarifies the civil rights obligations and related reporting requirements contained in the DHS Standard Terms and Conditions. Subrecipients are not required to complete and submit this tool to DHS. The evaluation tool can be found at <https://www.dhs.gov/publication/dhs-civil-rights-evaluation-tool>.

The DHS Office for Civil Rights and Civil Liberties will consider, in its discretion, granting an extension if the recipient identifies steps and a timeline for completing the tool. Part 200, Subpart E may not be charged to other federal financial assistance awards to overcome fund deficiencies; to avoid restrictions imposed by federal statutes, regulations, or federal financial assistance award terms and conditions; or for other reasons.
