**REQUESTED ACTION**

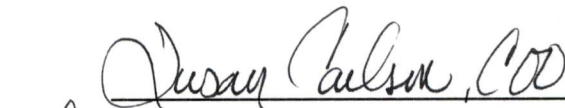

Authorize the Department of Environmental Services to amend an American Rescue Plan Act (ARPA) grant (PO# 1085170) to T&B Investments, LLC (VC#385636-B001), Tamworth, NH, by extending the completion date to June 30, 2024, from December 1, 2023, for water system improvements, effective upon Governor and Council approval. The original grant was approved by Governor and Council on April 6, 2022, Item #52. This is a no cost time extension. 100% Federal Funds.

**EXPLANATION**

We are requesting approval of this amendment to provide T&B Investments, LLC (LLC) additional time to complete water system improvements that will improve water system resiliency and reliability. The LLC was awarded funding to construct, develop and connect a new well; construct a new pump house and associated equipment; install a 10,000-gallon storage tank to improve storage capacity; and replace all distribution lines and service connections. Extension of the completion date is needed as T&B experienced delays in obtaining a contractor for the second phase of the project, which includes the pump house and storage tank installation, as well as equipment shipping delays.

To date, \$76,137 of the original \$200,000 grant has been spent. In the event that Federal funds become no longer available, general funds will not be requested to support this program.

We respectfully request your approval of this item.

2. Authorize the Department of Environmental Services to approve a loan agreement with T & B Investments, LLC (VC#385636-B001), Conway, NH, in the amount not to exceed \$200,000 to finance water system improvements at Highland Place in Tamworth under the provisions of RSA 486:14 and N.H. FY 2022  
 \$200,000

**EXPLANATION**

T & B Investments, LLC requested a total of \$400,000 in funding from NHDES for needed water system improvements at the Highland Place water system in Tamworth, NH. NHDES, through the American Rescue Plan Act funds (ARPA) and the Drinking Water State Revolving Loan Fund (DWSRF) has offered \$400,000 in a combination of grant and loan funds.

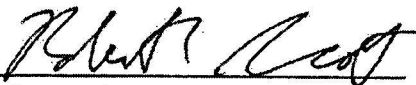

T & B Investments, LLC will use the grant and loan funding to make water system improvements for the Highland Place community water system which serves 12 apartments located in Tamworth, New Hampshire. These improvements include the construction, development, and connection of a new well; construction of a new pump house and associated equipment; installation of a 10,000-gallon storage tank to improve storage capacity; and replacement of all distribution lines and service connections. This project will improve water quality, quantity and reliability.

ARPA of 2021 is a \$1.9 trillion economic stimulus bill passed by the 117<sup>th</sup> United States Congress and signed into law by President Biden on March 11, 2021, to speed up the United States' recovery from the economic health effects of the COVID-19 pandemic and the resultant recession. The Act defines eligible uses of the state and local funding, including responding to public health emergencies, responding to workers performing essential work during the COVID-19 emergency, providing revenue relief to states and making investments in water, sewer, and broadband infrastructure. In accordance with the final rule from the US Treasury Department for water and wastewater infrastructure investments, project eligibility is aligned with the Environmental Protection Agency's Clean Water State Revolving Fund (CWSRF) and Drinking Water State Revolving Fund (DWSRF). This project is an eligible DWSRF infrastructure project.

The final DWSRF loan amount will be based on the total DWSRF funds disbursed and may be less than \$200,000. The loan interest rate may be adjusted downward if the DWSRF loan rate in effect upon project completion is less than the current rate of 1.256% for thirty years. Highland Place is eligible for principal forgiveness under the 2021 DWSRF Intended Use Plan. The amount of principal forgiveness will be determined when the aggregate principal amount is established and the project is complete. There is currently a balance of \$21,211,751 in the DWSRF available for new loans. Attached is a tabulation of the DWSRF showing the effect of this loan on the funds available for loans.

In the event that grant funds become no longer available, General funds will not be requested to support this program. The grant agreement has been approved by the Attorney General's Office as to form, substance and execution.

We respectfully request your approval of this item.
