October 26, 2023

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

Authorize the Department of Environmental Services to award an Asset Management grant to the Town of Wolfeboro, NH (Vendor Code #177500-B001) totaling \$95,174 to improve public water system management, effective upon Governor and Council approval through November 1, 2025. 100% Federal Funds.

Funding is available in the following account:

03-44-44-440010-2476-072-500574  
Dept Environmental Services, ARPA DES Loans, Grants Federal  
Activity Code: 00FRF602WB4401A

FY 2024  
\$95,174

**EXPLANATION**

During the fall of 2021, NHDES went out for solicitation of interest to community water systems serving a population greater than 150 people. Forty-five (45) proposals were received, evaluated, and ranked based on criteria included in the request for proposals, such as, project completes condition assessment on all assets, a financial plan is developed and addresses investment priorities and true cost of service, and the plan is communicated to customers and decisionmakers. Out of the 45 project proposals, 31 were selected to be funded under the American Rescue Plan Act (ARPA) funds. See attachment A for the proposal rankings and list of reviewers.

The Town of Wolfeboro will use the funds to develop and implement an asset management program for their respective drinking water system. Asset management has become the foundation for sustainable water systems as it provides a holistic picture for how to conduct their business in a more effective and efficient method.

Among many of the tasks proposed to be conducted with this grant, the Town of Wolfeboro will be developing a complete inventory of their water system assets. Along with the inventory, the Town of Wolfeboro will be updating their five year plan with a prioritized list of projects.

ARPA of 2021 is a \$1.9 trillion economic stimulus bill passed by the 117<sup>th</sup> United States Congress and signed into law by President Biden on March 11, 2021 to speed up the United States' recovery from the economic and health effects of the COVID-19 pandemic and the resultant recession. The Act defines eligible uses of the state and local funding, including responding to public health emergencies, responding to workers performing essential work during the COVID-19 emergency, providing revenue relief to states and making investments in water, sewer, and broadband infrastructure. This is an allowable use of ARP FRF funds under Section 602 (c)(1)(D) to make necessary investments in water, sewer, or broadband infrastructure.

In the event grant funds become no longer available, general funds will not be requested to support this program. These grant agreements have been approved by the Attorney General's Office as to form, substance, and execution.

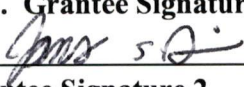

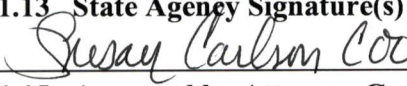

We respectfully request your approval of this item.

  
for Robert R. Scott  
Commissioner
