EXPLANATION

The purpose of this request is for the New Hampshire Judicial Branch (NHJB) and the New Hampshire Department of Corrections (DOC) to provide financial assistance for housing costs, case management and supportive services, as directed by the Governor’s Commission on...
Alcohol and Other Drugs, to individuals with substance use disorders who are either re-entering the community after incarceration in the State correctional system, or who are participating in one of the nine (9) New Hampshire county drug court programs or the Family Treatment Court.

The Community Housing Program helps to ensure a supportive and stable environment in the community and increases the likelihood of reunification of families involved in Family Treatment Court. The program is accessible to qualified participants statewide.

The financial assistance, case management, and supportive services provided through the Community Housing Program helps individuals find stability within the community. Additionally, the New Hampshire Judicial Branch provides a coordinator position to assist individuals in securing and maintaining housing and ensures that individuals are referred to clinically appropriate substance use disorder and mental health treatments, and other services that support their recovery. The Department of Corrections participates by making referrals to the program and supporting participants’ engagement and completion of the program. It is expected that 170 people will receive assistance with their housing each year of this contract.

As referenced in Section 6 of the attached agreement, the parties have the option to extend the agreement for up to five (5) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and Governor and Council approval.

Should the Governor and Council not authorize this request, residents of New Hampshire with Substance Use Disorders who are engaged with judicial or correctional agencies may not have access to stable housing to support their recovery. This may increase their vulnerability to overdose and could potentially result in relapse, leading to recidivism or death.

Area served: Statewide

In the event that the Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lori A. Weaver
Commissioner

The Department of Health and Human Services’ Mission is to join communities and families in providing opportunities for citizens to achieve health and independence.
